Congress Again—Registration of Voters
Now in Progress Throughout the State—
Hon. Chas. R. Thomas Renominated for
Congress.

Raleigh, N. C., June 29.—A dispatch from Pittsboro last night says: Haywood Council who committed an assault on the 19-year-old white child in Eastern Chatham about one year ago, was captured yesterday and given a hearing before a magistrate. He was committed to jail to-day.

This is his third attempt at assault on white children, and the officers had to hide him in the woods to keep him from being lynched. The prisoner has a bad countenance, is about 55 years old and will make an ugly corpse.

Only last week Council was tried for assault of a little white girl, an orphan named Lilly Certain, in New Hope township. The trial was before two partisan Republican magistrates, and though the evidence as to the guilt of the negro was exceedingly strong they released him.

The trial and its result caused great indignation in that section and has made many White Supremacy votes.

THEY WILL FUSE.
Just as has been predicted all along, the Republicans in this county will hold no nominating convention this year. They will invite the Populists to name the ticket and they will endorse it through a committee with Buck Adams at its head and Pat Stewart at its tail.

So much was decided by the Republican county executive committee in a recent meeting.

A HORRIBLE ACCIDENT.
A special from Greensboro says: A most horrible accident occurred at the home of Mr. and Mrs. L. M. Borden yesterday evening, when someone was killed by a fire in the stove. There was an explosion which ignited the clothes of their little daughter, burning her so seriously that after a few hours of intense suffering death came as a merciful relief. She was about 19 years old and was a bright child—a member of the Westminster Sunday school.

WILL TRY AGAIN.
District Attorney Holton has been notified by the Attorney General at Washington that the bill failed to become a law giving White men two terms of the Federal court annually. It appears that the bill passed both houses of Congress, but for some reason was not signed by the President. Winston will make another effort at the next session of Congress.

REGISTRATION.
Yesterday registration began in every county in the State and it is unnecessary to impress upon white men the importance of an early enrollment of their names upon the books. There are only twenty days in all for registration and serious accident or sickness may prevent the white voter from performing this most important duty to his race if the matter is at all deferred. The books every other day except the four Saturdays in this period will be open from 9 a. m. until sunset at the places of business of registrars. On the four Saturdays mentioned the books will be open at the various polling places.

RENOMINATED.
A special from Fayetteville, says: The Democratic convention of the Third district met in the courtroom at Fayetteville at noon yesterday. Capt. J. G. Kenan, chairman of the district committee, making a ringing, patriotic speech. Prayer was offered by Rev. H. T. Graham. Secretaries were appointed as follows: Messrs. R. A. Nunn, of Craven; L. R. Hale, of J. H. Myrover, All the counties in the district were represented. The temporary organization was made permanent. During a conference of committees the convention was eloquently addressed by Messrs. Bryan, of Craven, and Lyon, of Bladen, on the amendment. Mr. D. E. McVey, of Moore, submitted the report of the committee on platform condemning trusts and imperialism, advocating the amendment and endorsing Hon. Charles R. Thomas, who was renominated for Congress by acclamation.

To-day (Friday) is the last day allowed by law in which to list taxes. If you fail to do so your taxes will be doubled.

The weather permitting, the ladies of the M. E. Church will give a lawn party on the court green next Tuesday night.

The following is the story of the baseball game played between teams from Edenton and Plymouth Wednesday afternoon: "Quite a number of ladies and gentlemen came over with the Plymouth baseball team Wednesday to root for their favorites. Did we say Plymouth team? Mistake. The Edenton boys expected to play the Plymouth club, but there was only three of the nine that came over that live in Plymouth. Nevertheless, the Edentonians were agree, 'dy surprised at the showing made by their club, which is made up this season of home material strictly against the Plymouth infield, which was composed of the best

players that could be secured from Oak Ridge, Hamilton, Washington and other places. We do not offer this as an excuse for being defeated, but simply wish it understood that our club is composed of Edenton boys, and when we arrange for a game with any club it is expected that their nine be made up of home talent. The game was well played with one or two exceptions, on both sides; consequently it proved to be interesting and exciting. The play that won applause from the entire crowd was the pulling down of a hot liner with one hand by 'Kid' (Harry) Bond. Score: Edenton 10 10 10 0—3 Plymouth 0 0 0 4 0 1x—5

Dizziness

Is a very common consequence of indigestion and torpid liver. Sometimes there are spots before the eyes and hot flashes. At other times a sensation as of vertigo occurs, at once suffocating and blinding. It is a waste of time to attempt to cure this condition by ordinary means or medicines. The stomach and organs of digestion and nutrition must be restored to healthy activity, the blood must be purified, the liver cleansed and strengthened, before a cure can be hoped for. This is the work done by Dr. Pierce's Golden Medical Discovery, a medicine specially beneficial in diseases of the stomach, blood and liver. It strengthens the stomach, purifies the blood, cleanses the clogged liver, and promotes the health of every organ of the body.

"My wife was greatly troubled with indigestion, torpid liver, dizziness, and also irregular periods," writes Mr. W. A. Preston of Shuqualah, Nezah Co., Miss. "We tried many different remedies, but none of them gave perfect relief until we were induced by a lady to try your 'Golden Medical Discovery.' Favorite Prescription, and 'Pleasant Pellets.' These medicines did more good than anything we ever tried for those complaints. We have used four bottles of your 'Golden Medical Discovery,' one of 'Favorite Prescription,' and two vials of your 'Pellets.' These medicines have done the work we desired, and I do heartily recommend them to all similar sufferers."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

"HOTEL ALLEGHANY," the most luxuriously furnished and strikingly artistic hotel south of New York, and ROCKBRIDGE ALUM SPRINGS, with broad acreage of shaded lawns and sporting grounds, whose mineral waters have become famous for their curative powers, connected by steam street car service, have practically become one resort.

By purchasing commutation car tickets the fare is less than seven cents round trip, which enables the guests of the two hotels to mingle as though under the same roof, as it's only a matter of a few minutes' ride from one resort to the other, where you are neither a stranger or intruder, but welcome guest.

THE GOLF LINKS on the grounds of the ROCKBRIDGE ALUM SPRINGS are accessible morning and evening by car service to those stopping at "Hotel Alleghany," throwing the guests of the two hotels into social intercourse daily.

Besides Golf, Tennis, Fishing, Riding, Croquet, &c., both hotels will have FIRST-CLASS ORCHESTRAS, selected with the view of merging them into a full CONCERT ORCHESTRA, alternating between the two hotels, where concerts of a high order will be given during the day, and, under the auspices of a galaxy of matrons from both hotels, full-dress Germans during the evening.

HOTEL ALLEGHANY and grounds, under Manager Wood's care, assisted by landscape gardener, painters and carpenters, have been made more beautiful and attractive than originally designed by those who lavished money on its construction.

This combination of luxuriously furnished apartments, cottage life among tall oaks, together with celebrated mineral waters, shaded groves, for outdoor amusements, connected by a railroad practically free, is something new under the sun. Therefore, if you wish to spend two summer outings in one, luxuriating and rustivating at two Summer Hotels at the same time for one price, write

J. B. WOOD, General Manager, "Hotel Alleghany," Goshen, or
